

Case study

730 Aztec West

PROJECT LOCATION

Bristol

PROJECT TYPE

Strip Out,
Refurb
& Fit Out of
Office

The complete strip-out, refurbishment and high quality fit out of a 40,000sq ft three storey – including Ground Floor – building but this time on the outskirts of Bristol in Aztec West.

Full strip-out followed by installation of a comprehensive air-conditioning system and wet heating with refurbishment of Lifts.

All works were completed to a very high standard with full fitting and fixtures installed including reception area, carpeting and decoration.

A beautiful feature reception area was created to a very high standard.
